May 17, 2010

My Sisters in Zeta,

I know that it only takes a moment to say THANK-YOU – but your many e-mails, cards and telephone calls regarding my recuperation from my car accident will always be remembered.

Your acts of kindness made my days brighter, my smile warmer, and my heart so much happier. I sincerely hope that kindness returns to you in the same beautiful way you sent to me.

With sincere appreciation,

Erna Fousheé
